# NEWSFLASH

## DID YOU KNOW ?

### Can I register for a professional designation with the Institute for Work at Height Professional Body ?

- Yes, when you train with a IWH Recognised Training provider you will not only be assured of accredited training but also be registered with the IWH Professional Body.

### Do I have to re-train every three years ?

- No, with the Board Assessment initiative you will be able to conduct a Board Assessment and you don't have to re-train to be re-registered. This takes less time and is more economical.

### How do I stay current and proficient during my registration period ?

- The IWH Recognised Provider will be able to provide you with programmes that ensure Continual professional development. This is also registered against your profile with the IWH.

### Is there an pathway for recognition of prior learning ?

- The IWH Recognised Provider will be able to guide you through a process in order to assist in the recognition of prior learning and registering against the relevant designation with the IWH.

### What about standardisation ?

- With external quality assurance from the IWH Professional Body these processes are monitored by the IWH to ensure a fair and strict quality assured process.

Contact us for more information and the training options available to suit your needs.
