Is this programme suitable for my needs ?

Yes, if you have to compile a fall protection plan for working at height.

Benefits of this training programme?

After successful assessment has been completed candidates will have the following

- Perform a risk assessment of the worksite where work is to be done at height.
- Demonstrate knowledge of fall arrest rescue equipment and advanced fall arrest rescue.
- Develop a fall protection plan and fall arrest plan.
- Manage safety of personnel working at heights.

Entry Requirements

1. Medical certificate
2. Certified copy of ID
3. US229998 Basic Fall Arrest Technician Certificate

Duration

3 days of training and assessment

Minimum of Candidates

If you have ten (10) learners we can assist with your own training date.
If you have fewer than 10 learners, please contact us for training dates.
